

STYLISH RECHLER EQUITY PARTNERS OFFICE BUILDING CHOSEN AS FASHION SPREAD LOCALE

Rechler Equity Partners' architecturally-significant, LEED-certified office building at 85 South Service Road in Plainview, NY has garnered wide praise in real estate and architectural circles since the company completed a top to bottom redevelopment of the property in 2012. Now a leading Long Island lifestyle publication has recognized the asset's undisputable style as well, choosing the building as the venue for its latest high fashion shoot (<http://www.lipulse.com/trends/article/epic-mens-style>). In addition to housing Rechler Equity's operations, including construction, architecture, leasing, finance, accounting, property management, asset management and environmental, the 20,000-square-foot property also serves as a studio for the firm's significant art collection. A major component of the space is a grand gallery showcasing the commercial real estate company's 53 year history as well as the *Past, Present and Future* developments and redevelopments in the market.
